

WHAT IS A TEU?

A TEU, or twenty-foot equivalent unit, is the basic container measurement used in the shipping industry. It is the equivalent of a container 20 feet long by 8 feet wide by 8 feet high. Typically, containers being transported on the road are 40 feet long, the equivalent of two TEUs.

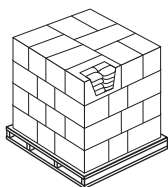

What can a TEU hold?

Peaches

66 peaches per box
3,630 peaches/pallet
10 pallets per TEU

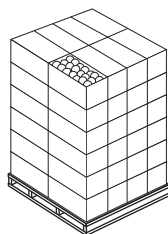

**36,300 peaches
per TEU**

Pecans

24 - 6-ounce bags
of shelled pecans per box
36 boxes per pallet
324 pounds
of pecans per pallet

**3,240 pounds of shelled
pecans per TEU**

Vidalia Onions

48 - 40-pound boxes
1,920 pounds on pallet
10 pallets per TEU

28,800 Vidalia onions
(average onion =
1.5 pounds)
